**K. NEW BUSINESS**

- Marci Larson informed the group the TPO is doing an update to the Alternative Fuels Master Plan and needs fleet information from our partners. If you are not the appropriate person, please forward this information to the correct person within your organization.
- Dave Mckee of JEA informed the group they are preparing a fleet electrification program largely consultative in nature. The objective is to identify and proactively engage fleet owners within JEA's service area, and help them develop a transition plan to transfer from fossil fuels to electric fuels for any vehicles that have attractive use cases. We will have a robust total cost of ownership calculator online and resources available for fleet owners. We will also have experts to conduct a site analysis for fleet owners. This will benefit JEA in terms of finding where large utility upgrades will be needed. This program will start in the second week of June.
- Matamoran Bacon asked if there is any preference in fleet ownership, whether it be a small or large agency or not-for-profit.

Dave Mckee responded JEA designed this program so that every fleet owner can take advantage of it. There will be different tiers of service. The smaller fleets should be able to use the online tools to satisfy their needs.

North Florida TPO Board

FROM: Elizabeth De Jesus  
Transportation Programs Manager

SUBJECT: Request to Approve Transportation Improvement Program FY 2023/24 –  
2027/28

DATE: May 23, 2023

---

TPO staff requests approval of the Transportation Improvement Program (TIP) for FY 2023/24 – 2027/28 at the June meetings.

During the April meetings, TPO staff presented the draft TIP county sections for review. The first draft was also posted online on March 31.

At the May meetings, a complete draft was presented as well as a TIP PowerPoint presentation. The final draft was posted online on May 1. County-specific PowerPoint virtual presentations were delivered for Clay, Duval Nassau and St Johns County during the month of May. In addition, a Regional TIP Virtual public meeting was held May 17. Recordings of the presentations are posted online.

In addition of sharing the TIP meeting information with TPO Committees and county / city contacts, our public involvement efforts included promoting the virtual presentations through the TPO's e-newsletter, newspaper advertising, TPO's social media, as well as with JaxTDY (JaxToday.org), a daily email publication by WJCT with a 12,000-person audience. Finally, a web-based public involvement tool was used to gather input.
