**PUBLIC COMMENT**

None at this time.

**CONSENT AGENDA**

► 1. **NORTH FLORIDA TPO MINUTES OF SEPTEMBER 8, 2022**

Christian Whitehurst moved to approve the Consent Agenda; Elaine Brown seconded; motion unanimously carried.

**AGENDA**

**A. FINANCE COMMITTEE REPORT**

Representing the Finance Committee, Angela Session reported that the August financials have been accepted.

Ms. Session informed the Board that she anticipates presenting the audit findings before year end.

Ms. Session asked for questions.

- Christian Whitehurst asked for an explanation regarding the monetary decrease in employee benefits.

Ms. Session responded that the decrease in employee benefits is a result of an employee retiring. This employee was under the City's pension plan. The contribution for the pension plan is substantially greater than the FRS contribution.

Mr. Sheffield commented that we did not fill that position. We rehired and assigned responsibilities to consume those roles.

► **B. FDOT REQUESTS AMENDING THE FY 2022/23 THROUGH FY 2026/27 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)**

Achaia Brown presented the following amendments to the Transportation Improvement Program (TIP) for FY 2022/23 through FY 2025/26.

**Duval County**

- **435844-4** – SR 228 (Normandy Blvd.) @ I-295 (SR 9A) Operational Improvements – Interchange Improvement
- **446386-1** – SR 202 (JTB) @ Belfort Road Interchange – Add Lanes

Ms. Brown asked for questions. There were no questions at this time.

**Reba Ludlow moved to approve the FDOT's request to amend the Transportation Improvement Program (TIP) for FY 2022/23 through FY 2026/27; Ari Jolly seconded; motion unanimously carried.**

**C. ANNUAL MOBILITY REPORT PRESENTATION**

Terry Shaw of Kimley-Horn gave a brief presentation on the annual Mobility Report.

Mr. Shaw asked for questions.

- Ari Jolly asked what contributed to our improvement in bicycle/pedestrian fatalities.

Mr. Shaw responded that we have many people that come to our state and use our transportation systems. If you remove our visitor population, we are in line with many other areas. FDOT and the City of Jacksonville have context sensitive solutions in place that make pedestrian/bicycle safety a priority.

- Christian Whitehurst asked if there is population vs. miles traveled by county data.

Mr. Shaw responded he will provide that information to Mr. Whitehurst.

- Ju'Coby Pittman asked where Florida ranks when you compare the data with other states.

Mr. Shaw responded that it is driven by safety and congestion levels. He cannot tell the Board where Florida ranks among other states. The larger cities tend to be more congested, which results in higher impact or social costs. There is no firm data at this time.

- Ju'Coby Pittman feels as we come out of COVID our numbers will improve.

Mr. Shaw responded more traffic results in more congestion and less traffic results in less congestion.

#### **D. SMART NORTH FLORIDA UPDATE**

Erin Rothman, CEO of StormSensor, gave a brief presentation on the findings of the project with the City of Neptune Beach.

- Clayton Levins thanked Mayor Brown and her team for the partnership opportunity.

Mayor Brown thanked SNF for the partnership. She is very pleased with the amount and validity of data they are getting.

Ms. Rothman asked for questions.

- Mayor Brown commented that as they look at grants for infrastructure, the real-time data will be used to identify choke points and allow them to react. Mayor Brown commented that the partnership has been wonderful. We appreciate having access to this technology through the TPO. She also thanked Jim Knight of FDOT for giving a presentation to her Infrastructure and Transportation Committee.
- Jeff Sheffield commented this is another story of SNF, being a non-profit, being able to do these types of things that can benefit our region.

#### **F. EXECUTIVE DIRECTOR'S REPORT**

Jeff Sheffield asked for volunteers to serve on the Legislative Committee. Mayor Brown, Mike Cole and Nancy Sikes-Kline will serve on the Legislative Committee.

Jeff Sheffield gave a brief presentation on the Infrastructure Bill, the Carbon Reduction Program and how it relates to Florida.

Mr. Sheffield asked for questions. There were no questions at this time.

#### **G. SECRETARY OF TRANSPORTATION'S REPORT**

Jim Knight informed the Board that Secretary Evans is in Sanibel Island, and will return within the next day or two. The bridge to Sanibel Island was opened yesterday.

Within the next month or two, the public hearings for the Work Program will be held. There is no specific date at this time.

- Ari Jolly thanked Jim Knight and FDOT for all their hard work after the storm. Ms. Jolly also congratulated FDOT on their hard work and how quickly they had a temporary bridge constructed to Sanibel Island.

#### **H. AUTHORITY REPORTS**

**James Bennett (for Daniel Bean) – JAXPORT** – We reopened very quickly after Hurricane Ian. Three new eco-friendly cranes will arrive in February 2023 in partnership with SS Atlantic. Palmer Clarkson has been elected Chair, Daniel Bean will serve as Vice Chair, Brad Talbert will serve as Treasurer and Wendy Hamilton, Immediate Past Chair, will serve as Secretary. Eric Green, JAXPORT's CEO, has been named 2022 Ultimate CEO honoree by the Jacksonville Business Journal. Kelsey Cox joins JAXPORT as Senior Director of Engineering and Construction, previously served by James Bennett. Justin Ryan joins JAXPORT as Foreign Trade Zone and Grant Administration Manager. Carnival Cruise line is almost at 100 percent capacity every sailing.

- Elaine Brown asked if there is any plan to add another cruise line.

Mr. Bennett responded that we continue to have those types of discussions, but there is nothing planned at this time.

**Mike Cole – Nassau County Ocean Highway and Port Authority** – No damage due to the recent storm.

**Ari Jolly – Jacksonville Transportation Authority** - In partnership with Clay County, we will be offering free rides during October for the Clay Community Transportation Program. This will include the Red Line that travels from Orange Park to Middleburg, the Green Line which travels from Keystone Heights to the Middleburg VA Clinic, the Blue Line which travels from Orange Park to Green Cove Springs, and the Magenta Line which travels from Keystone Heights to Gainesville. Passengers can board a shuttle from the designated pick-up stops or call and schedule a flex trip within three quarters of mile from the route.

We have received three First Place awards from the American Public Transportation Association (APTA) in the first round of the 2022 AdWheel Awards. The AdWheel Awards go to APTA member systems for outstanding marketing and communications efforts that contributed to strategic organizational goals. We competed in the Group 2 category, against similar peer systems with annual ridership between 4 and 20 million passengers in 2019. Nearly 300 entries were evaluated and selected by industry experts. Ultimately, we received first place in the following categories:

- Best Electronic Media on COVID-19
- Best Comprehensive Campaign on COVID-19
- Best Partnership to Highlight Transit Needs and Funding

For the “Best Electronic Media on COVID-19” category, our award-winning television show JTA Making Moves was honored for providing the community and industry colleagues with insight into the JTA’s commitment to providing transportation services while maintaining a safe environment for its employees and customers.

Our communications and marketing efforts for the Authority’s “Wellness on Wheels” initiative was recognized in the “Best Comprehensive Campaign on COVID-19” category. Wellness on Wheels is a multipronged partnership with Agape Family Health Center to provide greater access to COVID-19 tests and vaccinations. The JTA converted four retired 40-foot buses and a paratransit vehicle into mobile COVID-19 clinics to assist Agape Family Health Center. By providing vaccines for over 12,000 people, the campaign garnered national attention. Finally, the Jobs for Jax initiative was awarded a First Place prize in the “Best Marketing and Communications to Highlight Transit Needs and Funding Category.” This work highlights the JTA’s partnership with the City of Jacksonville to extend and expand Duval County’s Local Option Gas Tax to fund more than \$1 billion in new infrastructure funding. The top first place winners in all categories competed for the Grand Prize Awards, which were presented at APTA’s TRANSform Conference in Seattle on October 9-12, 2022.

We will be launching our newly rebooted MyJTA app October 24, which will make it easier for riders to plan, schedule, and pay for their trip using a single app. The new MyJTA app, facilitated through a partnership with Moovit and their Mobility as a Service (Maas) platform, combines the functionalities of trip planning and mobile ticketing with the browser-based trip planning capabilities of Transportal, the safety and security functions of our See & Say app, and the real-time passenger information of NextBus. We will be implementing the app in three phases with Phase 1 being the initial launch of the app. The Phase 2 implementation will be the expanded app to include ReadIRide and Express Select, and Phase 3 will be the expanded app to our Connexion service, which is our paratransit program.

The app is available for download from the Google Play and the App store beginning October 24. All JTA customers will be able to ride the fixed-route free during launch week, October 24-31, 2022. Additionally when customers download the app and create an account, they will receive a free monthly mobile pass valid November 1-30, 2022.

**Reba Ludlow – St. Augustine-St. Johns County Airport Authority** – Elections are coming up. The airport did not sustain any major damage during the recent storm. Working on a safety review committee for aviation safety.

**Matt Schellhorn (for Captain Jeff Hill) U.S. Navy** – No damage at either base after the recent storm. Thanked Jim Knight for his help with the flooding on A-1-A into Mayport Village. The air show will be held October 21-23, 2022.

**I. OLD BUSINESS**

**J. NEW BUSINESS**

**K. PUBLIC COMMENT**

Ju'Coby Pittman expressed that Mr. Sheffield is a jewel. Ms. Pittman commended Mr. Sheffield for his TPO leadership and suggested every City Council member should come and see what the TPO is working on.

**L. ADJOURNMENT**

There being no further business, the meeting was adjourned at 11:12 a.m. The next TPO Board meeting will be November 10, 2022.

# 2023 DRAFT LEGISLATIVE POLICY POSITIONS

---

November 28, 2022

## The North Florida Transportation Planning Organization legislative priorities for 2023 are:

- **Strongly encourage smart city legislation to provide funding and programs that implement and use emerging transportation technologies and systems.** *Supports the advancement of innovative transportation mobility solutions and policies that promote creative approaches to addressing transportation needs. (i.e.: Smart North Florida, a 501(c)(3) non-profit serves as the Innovation Partner for public sector entities in the Northeast Florida region. This one-of-a-kind Smart City accelerator deploys and validates technologies that could be used at the municipal, county and state level.)*
- **Oppose any legislation that unilaterally changes MPO Policy Board membership and voting structure.** *Special consideration should be given to regional MPOs allowing them to right size their boards to ensure equitable representation and voting.*
- **Promote bicycle and pedestrian safety through a statewide public awareness and education campaign and by strengthening both bicycle and pedestrian safety efforts.**

## The North Florida Transportation Planning Organization also supports legislation that:

- Recognizes the impact of electric and automated vehicles on transportation revenue and the ability to maintain Florida's roads, bridges and transit systems and initiates a study to determine a funding mechanism to replace or supplement fuel tax revenues.
- Requires **indexing of local option fuel taxes** to the consumer price index in a manner similar to the current indexing of state fuel taxes.
- Maintains funding for the Transportation Regional Incentive Program (TRIP) to promote regional planning and project development.
- Allows Strategic Intermodal System (SIS) funds to be used on roads and other transportation facilities not designated on the SIS if the improvement will enhance mobility or support freight transportation on the SIS.
- Promotes alternative fuels and alternative fuel vehicles and maintains incentives to purchase alternative fuel vehicles.

**List of Priority Projects (LOPP) 2023**

*Information Only*

## MEMORANDUM

**To:** Members, Citizens and Technical Advisory Committee Members  
**From:** Clark Letter, Director of Planning and Analytics  
**Date:** December 7, 2022  
**Subject:** Annual List of Priority Projects

Staff is soliciting projects for the annual List of Priority Projects (LOPP). This is a candidate list of projects for the new fifth year of the Florida Department of Transportation's Five Year Work Program. Please submit your initial priority projects no later than **January 20, 2023**. We understand that formal approval by your county commission or council may take longer, but this request will enable TPO staff to prepare a first draft of the LOPP for the February round of committee and Board meetings. Our expectation will be to adopt the LOPP in March.

The LOPP document includes the following categories of projects:

- **Region-Wide Priority Projects – Transportation Capacity Projects**  
*This list is perhaps the most important. This list of 20 projects represents the larger capacity and high priority projects throughout the TPO area. This list does not change substantially from year to year, as projects are typically only removed from the list when construction funding has been programmed.*
- **Aviation Priority Projects**  
*Jacksonville Aviation Authority and St. Augustine - St. Johns County Airport Authority can each submit a list of its priorities for inclusion in the document. The TPO includes these as a reference, but does not re-prioritize these projects.*
- **Mass Transit Priorities**  
*Jacksonville Transportation Authority and St. Johns/Sunshine Bus can each submit a list of its priorities for inclusion in the document. The TPO includes these as a reference, but does not re-prioritize these projects.*
- **Port Priority Projects**  
*JAXPORT and the Ocean Highway & Port Authority of Nassau County can each submit a list of its priorities for inclusion in the document. The TPO includes these as a reference, but does not re-prioritize these projects.*

- **Transportation Alternatives Program (TAP) – Multi-Use Trails**
- **Transportation Alternatives Program (TAP) – School Safety Sidewalks**

- **SUN Trail Program – Multi-Use Trails**

*It is especially critical that each county submit one viable project for each of the TAP and SUN Trail Programs. Cost estimates must be provided. It is recommended you revisit the project submitted annually to ensure it is still feasible.*

- **Transportation Regional Incentive Program Priorities**

*Transportation Regional Incentives Program (TRIP) priorities reflect the region-wide priority list.*

Again, please submit your initial priority projects no later than **January 21, 2023**.

If you have questions about TAP or SUN Trails, please contact Elizabeth DeJesus at 904-306-7505 or [edejesus@northfloridatpo.com](mailto:edejesus@northfloridatpo.com). For any other questions, please do not hesitate to contact me at 904-306-7514 or [cletter@northfloridatpo.com](mailto:cletter@northfloridatpo.com).

**Unified Planning Work Program (UPWP) FY  
2022/23 through FY 2023/24**

*Information Only*

## MEMORANDUM

**To:** Members, Citizens and Technical Advisory Committee Members

**From:** Clark Letter, Director of Planning and Analytics

**Date:** December 7, 2021

**Subject:** **Request for Study Suggestions, Unified Planning Work Program Fiscal Years 2022/23 – 2023/24**

The Unified Planning Work Program (UPWP) is the North Florida Transportation Planning Organization's (TPO's) two-year tasked based budget. Bi-annually, the staff of the TPO updates the UPWP as required by state and federal regulations. The UPWP outlines all major transportation planning activities to be undertaken by the TPO for the two-year planning period beginning July 1, 2022 and ending June 30, 2024.

The North Florida TPO is requesting studies to consider for inclusion in the Fiscal Year 2022/23 – 2023/24 UPWP. These projects are located in **Section 5 – Special Projects** section of the UPWP, and are executed by a TPO General Consultant.

Please submit study requests to Clark Letter [cletter@northfloridatpo.com](mailto:cletter@northfloridatpo.com) or Jeff Sheffield [jsheffield@northfloridatpo.com](mailto:jsheffield@northfloridatpo.com) by **January 20, 2022**.
