CONSENT AGENDA

▶ 1. NORTH FLORIDA TPO MINUTES OF OCTOBER 14, 2021

Elaine Brown moved to approve the Consent Agenda; Wayne Bolla seconded; motion unanimously carried.

AGENDA

▶ A. FINANCE COMMITTEE REPORT

Representing the Finance Committee, Angela Session reported that the September financials have been accepted.

▶ B. LEGISLATIVE COMMITTEE REPORT

The North Florida Transportation Planning Organization Legislative Priorities for 2022 are:

- **Strongly encourage smart city legislation to provide funding and programs that implement and use emerging transportation**

technologies and systems. A Smart City uses innovative and emerging technologies to collect, analyze and apply data from many sources to create a safe and reliable transportation system that enhances economic vitality and quality of life.

- **Oppose any legislation that unilaterally changes MPO Policy Board membership and voting structure.** Special consideration should be given to regional MPOs allowing them to right size their boards to ensure equitable representation and voting.
- **Promote bicycle and pedestrian safety through a statewide public awareness and education campaign and by strengthening both bicycle and pedestrian safety efforts.**

The North Florida Transportation Planning organization also supports legislation that:

- Recognizes the impact of electric and automated vehicles on transportation revenue and the ability to maintain Florida's roads, bridges and transit systems and initiates a study to determine a funding mechanism to replace or supplement fuel tax revenues.
- Requires **indexing of local option fuel taxes** to the consumer price index in a manner similar to the current indexing of state fuel taxes.
- Restores funding for the Transportation Regional Incentive Program (TRIP) to promote regional planning and project development.
- Allows Strategic Intermodal System (SIS) funds to be used on roads and other transportation facilities not designated on the SIS if the improvement will enhance mobility or support freight transportation on the SIS.
- Preserves the transportation disadvantaged coordinated system and provides additional funding to the Transportation Disadvantaged Trust Fund for paratransit services.
- Promotes alternative fuels and alternative fuel vehicles and maintains incentives to purchase alternative fuel vehicles.

Mr. Sheffield asked for questions. There are no questions at this time.

Wayne Bolla moved to approve the North Florida TPO's 2022 legislative priorities; Elaine Brown seconded; motion unanimously carried.

Ms. Schwabacher asked for questions.

- Nancy Sikes-Kline expressed her excitement to see the Anastasia Blvd. project moving forward.
- Nancy Sikes-Kline wanted to know how many of these projects include ARPA funds.

Ms. Schwabacher responded that quite a few projects include ARPA funds.

Thomas Ford moved to approve the FDOT’s request to amend the Transportation Improvement Program (TIP) for FY 2021/22 through FY 2025/26; Nancy Sikes-Kline seconded; motion unanimously carried.

D. FDOT TENTATIVE WORK PROGRAM FOR FY 2022/23 THROUGH FY 2026/27

Karen Taulbee presented FDOT’s Tentative Work Program for FY 2022/23 through FY 2026/27.

Ms. Taulbee asked for questions. There are no questions at this time.

E. STRATEGIC INTERMODAL SYSTEM (SIS) UPDATE

Karen Taulbee informed the group that the SIS is currently undergoing a policy update. A virtual platform is available to provide information on the SIS, and for the public to provide comments.

The website is <https://sisvirtualroom.floridatransportationplan.com>.

Ms. Taulbee asked for questions. There are no questions at this time.

F. SMART NORTH FLORIDA UPDATE

Facundo Tassaro, Revvo Technologies Head of Customer Success, gave a brief presentation on their tire technology.

Mr. Tassaro asked for questions.

- Wayne Bolla wanted to know if the device put inside the tire upsets the tire balance.

Mr. Tassaro responded that the device weighs a few ounces. It would not upset the balance of a truck tire. On a regular car tire, it needs to be counterbalanced.

- Mr. Tassaro informed the Board that this is an annual subscription based model.
- Mr. Sheffield commented that a subscription based model works well for public sector entities. This allows them to get the top end of the service without having to own and upgrade the equipment.
- Nancy Sikes-Kline requested that Clayton Levins send her a copy of the bill once it is passed, as St. Augustine would like to support it.

G. EXECUTIVE DIRECTOR'S REPORT

Jeff Sheffield provided the following updates:

- The Federal Infrastructure Bill has passed.
- MPOAC Institute – The MPOAC Institute is for new Board members that provides a broad overview of MPOs. Mr. Sheffield will check to see if in-person training has resumed.
- Federal Grant Applications – We are awaiting a decision.
- Mr. Sheffield thanked the FDOT for their continued commitment to funding the Smart St. Augustine project.

H. SECRETARY OF TRANSPORTATION'S REPORT

Jim Knight informed the Board that roughly half of the new infrastructure bill is an extension of the old bill to complete the projects already underway.

J. AUTHORITY REPORTS

James Bennett – JAXPORT – Record container volume in 2021. JaxPort has temporarily secured the Hapag-Lloyd's Atlantic Loop 3 container service in an effort to avoid U.S. port congestion. Harbor deepening project's third contract has been awarded. Completion anticipated in June 2022, which is three years ahead of schedule. Carnival Cruise Line anticipates to resume service in February 2022. Ceree Harden, III has been appointed to JaxPort's Board of Directors.

Mike Cole – Nassau County Ocean Highway and Port Authority – Tonnage is up. Currently, we are looking for a Port attorney.

Reba Ludlow, St. Augustine–St. Johns County Airport Authority – November 19 Liberty Airways will begin service to Newark, New Jersey. Terminal road construction has begun.

K. OLD BUSINESS

L. NEW BUSINESS

1. LIST OF PRIORITY PROJECTS (LOPP)

Staff is soliciting projects for the annual List of Priority Projects (LOPP). This is a candidate list of projects for the new fifth year of the FDOT's Five Year Work Program. Please submit your initial priority projects no later than January 21, 2022. This will enable TPO staff to prepare a first draft of the LOPP for the February meetings. The expectation will be to adopt the LOPP in March.

2. UNIFIED PLANNING WORK PROGRAM (UPWP)

The UPWP is the TPO's two-year task based budget. Bi-annually, the staff updates the UPWP as required by state and federal regulation. The UPWP outlines all major transportation planning activities to be undertaken by the TPO for the two-year planning period beginning July 1, 2022 and ending June 30, 2024.

Staff is requesting studies for possible inclusion in the FY 2022/23 through FY 2023/24 UPWP no later than December 31. These projects are located in Section 5 – Special Projects section of the UPWP, and are executed by a TPO General Consultant.

3. DECEMBER ELECTIONS

According to the TPO Bylaws, Officers shall be elected at the December meeting by majority vote of the voting members present, and their terms become effective at the first meeting of the new calendar year.

M. PUBLIC COMMENT

N. ADJOURNMENT

There being no further business, the meeting was adjourned at 11:19 a.m. The next TPO Board meeting will be December 9, 2021.
